2012-12-11 Snow angels: "Priscilla Miller has closed off her heart since the buggy accident that took the lives of her father and brother. Will Tobias Fisher and his quest for making snow angels break her heart or mend it?"--Cover verso.

Poseidia J. L. Imhoff 2016-02-17 In the darkest depths of the ocean, the ancient city of Poseidia has secretly thrived, protected by a sentient dome. Its inhabitants, genetically engineered shape-shifters and protectors of the ocean, teeter on the brink of extinction as the reach of humanity grows. When a pregnant Anna Ryan is murdered at sea, her life doesn't end-it begins. She awakens in this unknown world in a new body, enhanced with iridescent skin, fins, and the ability to breath underwater. Grieving the loss of her baby and her humanity, Anna vows to make her murderer pay, but it's no easy task to brave the wide ocean alone. Anna finds an ally in Roman, a giant, scarred mystery of a man, and together they forge a bond sharing former human pasts. The easy part is convincing Roman

to help her retrieve a cherished locket-an item she believes essential to endure the challenges of a new life-but she carelessly endangers Poseidia. Can Anna set aside everything she's known and embrace all she's ever wanted? What is the cost of happiness?

The Beardude Story Allen Piche 2016-03-31 It's been called one of B.C.'s most bizarre drug cases in recent memory. A story with a cast of characters including an oddball hippy, a pot-bellied pig, an overly friendly raccoon and twenty-four black bears. Oh, and a thousand pot plants, apparently guarded by the bears. The bust took place in August of 2010 near the Village of Christina Lake, British Columbia and the story travelled to all parts of the world, including the United States, Denmark, England, India and Russia, where a news anchor lady could not stop laughing as she read the story. The New York Post declared, "Don't Smokey near this bear." Today, Allen Piche, aka 'The Beardude', announced the release of his book, The Beardude

Story, which chronicles his side of this strange tale.

The Melancholy MBA Richard Donnelly 2011 Brick Road Poetry Press is committed to publishing work that appeals to a wide range of tastes. If you enjoy writing that is fast-paced, accessible, and sharply-drawn, *The Melancholy MBA* will not disappoint. The book is filled with scenes and stories from America's offices and boardrooms, those "glass-enclosed jungles" that shape our lives and culture.

The Writer Behind the Words (Revised and Updated) Dara Girard 2021-06-14 "A highly motivational resource." The Midwest Book Review At some point in their career, all writers experience either the pain of rejection, discouragement, disappointment, and/or other hazards of the writing life. The key is to identify the obstacles ahead and know how to overcome them. - Learn the truth about failure. - Discover the ultimate dream killer. - Find out how to get rid of a wet blanket - Discover the one secret

every full-time writer knows - And much more This revised and update edition includes information for indie authors, expands on the necessary traits of long-term professionals and addresses other changes in the industry. Your destiny is at hand!

Aquarian May McGoldrick 2019-03-04 Killian knows all about vampires and aliens. They're not real. But when a handsome swimmer climbs into her storm-tossed boat an hour from her summer destination, the worlds of fantasy and reality suddenly collide... Cuttlelea Island has no mall, no social scene, and no action. But it does have a mysterious stone tower, ageless islanders, and a secret as astonishing as a mermaid's tale... Before the summer is through, Killian will find the truth of her family's past...and the role she is destined to play in a centuries-old curse.

My Inner Sky Mari Andrew 2021-03-02 From New York Times bestselling author Mari Andrew, a collection of essays and illustrations, divided into phases of the sky--twilight, golden hour,

night, and dawn--that serves as a loyal companion for life's curveballs A whole, beautiful life is only made possible by the wide spectrum of feelings that exist between joy and sorrow. In this insightful and warm book, writer and illustrator Mari Andrew explores all the emotions that make up a life, in the process offering insights about trauma and healing, the meaning of home and the challenges of loneliness, finding love in the most unexpected of places--from birds nesting on a sculpture to a ride on the subway--and a resounding case for why sometimes you have to put yourself in the path of magic. My Inner Sky empowers us to transform everything that's happened to us into something meaningful, reassurance that even in our darkest times, there's light and beauty to be found.

Distant Thunder Dennis Sharpe 2016-08-23

You can take the dead girl out of the country... Veronica Fischer, small-town bloodsucking madam, is an orphan or at least she finally feels that way. Jules, the one who made her, is gone

and cleaning up after him isn't something she ever thought she'd have to do. While her hometown seems to be turning against her, she's forced to set off for the bright lights of the big city with a carload of her dysfunctional supernatural family, hoping not to have to face the Dragon of Chicago. Now she has to rescue a sister she didn't know she had, keep Rachel-her adopted 8-year-old ghost-safe, and try to keep Pekin from unraveling under the onset of the coming storm. Sex, violence, and cryptic undead prophecy-all for fun and profit.

Thinking In Numbers Daniel Tammet 2013-07-30

The irresistibly engaging book that "enlarges one's wonder at Tammet's mind and his all-embracing vision of the world as grounded in numbers" (Oliver Sacks, MD). Thinking in Numbers is the book that Daniel Tammet, mathematical savant and bestselling author, was born to write. In Tammet's world, numbers are beautiful and mathematics illuminates our lives and minds. Using anecdotes, everyday examples,

and ruminations on history, literature, and more, Tammet allows us to share his unique insights and delight in the way numbers, fractions, and equations underpin all our lives. Inspired variously by the complexity of snowflakes, Anne Boleyn's eleven fingers, and his many siblings, Tammet explores questions such as why time seems to speed up as we age, whether there is such a thing as an average person, and how we can make sense of those we love. His provocative and inspiring new book will change the way you think about math and fire your imagination to view the world with fresh eyes.

The Book of Positive Vibes Kundai Z. Chikowero 2017-03-24 The Book of Positive Vibes is a collection of inspirational poems for all ages!

It Doesn't Matter Which Road You Take Vincent Yanez 2007-11 After college, Vincent Yanez with his friend Chris decide to meander across Europe in search of the meaning of life, the perfect gelato and a nice place to lay their heads. During their adventures, the lads find themselves locked

in a Scottish dungeon, being serenaded by Placido Domingo and have their passports taken by the Czech authorities as they are caught in an attempt to sneak into Prague. They discover that Vincent Van Gogh is not only alive, but managing a small hotel in Holland, accidentally wander into the middle of a Nazi-rally, and little by little discover that remarkable things await around every corner, down every avenue. They learn that when you are open to the possibility of adventure]it doesn't matter which road you take.

Living Beyond the Waves Jamieson Wolf 2017-01-14 Living Beyond the Waves is a poetry collection unlike any other It contains poems that are part memoir and part journey towards acceptance. They are Wolf's attempt to find a life beyond disease or disability. The poems contained within deal with Wolf accepting all part

of himself, even those he has no control over. They are a testament to the strength of the human spirit. The poems show us that whatever life throws at us, with courage anything is possible. With unflinching honesty, Wolf talks about disease, sexuality, physical disability and the healing power of love.

Real Value New Ways to Think About Your Time, Your Space & Your Stuff John Odalen 2016-03-10 Do you feel overwhelmed by all the stuff in your home? Is your home office a messy file drawer of papers? Do you want to get organized, but you do not know where to start? This book will help you look at your stuff differently and put you on the right track to get organized and stay organized, so you can better enjoy life. We will consider the real value of our possessions. Is "real value" a dollar amount? Or the usefulness of the item? Or how it makes you

feel? There are many ways to consider an item's value, none of them right or wrong. Everything is relative in terms of what is really important to you, whether it be your time, your space, or your stuff.

It's Good to Be Kind Lauren DuBois Rosemond 2017-06 "Shares the story of Leonard the Lion--admired by all other animals as King of the Jungle--who wears a red cape and uses his power and status to make a positive impact on those around him. The fun, colorful book is sprinkled with magic and mystery"--

Fatuma's New Cloth / Tam Vai Moi Cua Fatuma Leslie Bulion 2017-06-29 In East Africa, a young girl learns that one cannot always judge by appearances as she and her mother visit a market in search of kanga cloth and meet merchants who all claim they have the secret to good chai (tea).

Of Water and Sky Disa Dawn 2017-06-20 Awaken one...awaken them all.Insomniac Piper Laurel focuses on the simple things, the feel-

good things. She likes her coffee black, her wine cheap, and her men gone by morning. But when her last living relative dies, she must confront the feel-bad things. She's the last Laurel, she's almost thirty, and she's completely alone. When she returns to her sleepy seaside hometown, her ex is still as yummy as ever, and a familiar-seeming stranger is also there to tug at her heartstrings. But a love triangle isn't the only thing waiting for her. The immortal Anik has spent centuries plotting to claim the last Laurel-- and a lot of innocent souls in the bargain. To survive Anik and the Realm Wars, Piper must forget her version of reality and awaken to her destiny as a Seekin, Guardian of Souls. With two men vying for her heart and hellhounds on her heels, Piper must decide who she trusts and who she loves while embracing her destiny with her eyes wide open.

With One More Look at You Mary J Williams
2017-03-14 WHEN IT COMES TO LOVE,
SOMETIMES IT TAKES THE HEAD YEARS TO

DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn't the same young man. He found his adventure-- and more. Weary, he's ready to settle into a

slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

Off the Grid Without a Paddle Lynne Farr
2008-04-09 OFF THE GRID WITHOUT A PADDLE is the true story of two greenhorns, escapees from the gritty City Of Los Angeles, who buy a home

off the grid in a tropical mountain rainforest in rural Hawaii, with fantasies of utopia and dreams of self-sufficiency, but no real idea of what they're getting into. In their first year in an unfamiliar new world, the high-tech, low-tech, no-tech learning curve is steep and hilarious: exasperating, exhilarating . . . exciting! Whether or not you share the dream of moving off the grid, you'll get a laugh out of their unexpected adventures.

The Arsonist's Last Words Alison R. Lockwood
2012-09 "More than a hundred people killed on a bright spring day. The city's most beautiful and iconic landmark in ruins. The man accused of setting the fire is dead, buried in the rubble along with answers to the question, "Why?" As Juni Bruder of the Orlando Herald talks to rescuers and survivors, she can't shake the feeling that something isn't right. The official story doesn't ring true. Her interviews become front-page news. So does her suicide, a year after the blaze. Her brother Peter, a Jesuit priest, finds a clean

apartment and a stack of papers sealed in plastic bags. Sifting through his sisters effects, he reads the stories of the dead, from the architect who designed the famous building to the janitor blamed for destroying it. A file on Junis laptop will reveal the hidden threads that bound the victims together, the seemingly random acts that brought them to a single place and moment in time. In the end, the answers Juni seeks wont be the ones she finds. Told through an inspired mix of puzzle pieces-news stories, phone transcripts, press releases-and filled with gallows humor, this is a novel about life, loss and the slippery nature of truth--Provided by the publisher.

Embracing the Wide Sky Daniel Tammet
2009-01-06 Owner of "the most remarkable mind on the planet," (according to Entertainment Weekly) Daniel Tammet captivated readers and won worldwide critical acclaim with the 2007 New York Times bestselling memoir, *Born On A Blue Day*, and its vivid depiction of a life with autistic savant syndrome. In his fascinating new

book, he writes with characteristic clarity and personal awareness as he sheds light on the mysteries of savants' incredible mental abilities, and our own. Tammet explains that the differences between savant and non-savant minds have been exaggerated; his astonishing capacities in memory, math and language are neither due to a cerebral supercomputer nor any genetic quirk, but are rather the results of a highly rich and complex associative form of thinking and imagination. Autistic thought, he argues, is an extreme variation of a kind that we all do, from daydreaming to the use of puns and metaphors. Embracing the Wide Sky combines meticulous scientific research with Tammet's detailed descriptions of how his mind works to demonstrate the immense potential within us all. He explains how our natural intuitions can help us to learn a foreign language, why his memories are like symphonies, and what numbers and giraffes have in common. We also discover why there is more to intelligence than IQ, how optical

illusions fool our brains, and why too much information can make you dumb. Many readers will be particularly intrigued by Tammet's original ideas concerning the genesis of genius and exceptional creativity. He illustrates his arguments with examples as diverse as the private languages of twins, the compositions of poets with autism, and the breakthroughs, and breakdowns, of some of history's greatest minds. *Embracing the Wide Sky* is a unique and brilliantly imaginative portrait of how we think, learn, remember and create, brimming with personal insights and anecdotes, and explanations of the most up-to-date, mind-bending discoveries from fields ranging from neuroscience to psychology and linguistics. This is a profound and provocative book that will transform our understanding and respect for every kind of mind.

Views and Reviews Henry James 1908

This Is Your Brain on Music Daniel J. Levitin
2006-08-03 In this groundbreaking union of art

and science, rocker-turned-neuroscientist Daniel J. Levitin explores the connection between music—its performance, its composition, how we listen to it, why we enjoy it—and the human brain. Taking on prominent thinkers who argue that music is nothing more than an evolutionary accident, Levitin poses that music is fundamental to our species, perhaps even more so than language. Drawing on the latest research and on musical examples ranging from Mozart to Duke Ellington to Van Halen, he reveals:

- How composers produce some of the most pleasurable effects of listening to music by exploiting the way our brains make sense of the world
- Why we are so emotionally attached to the music we listened to as teenagers, whether it was Fleetwood Mac, U2, or Dr. Dre
- That practice, rather than talent, is the driving force behind musical expertise
- How those insidious little jingles (called earworms) get stuck in our head

A Los Angeles Times Book Award finalist, *This Is Your Brain on Music* will attract readers of

Oliver Sacks and David Byrne, as it is an unprecedented, eye-opening investigation into an obsession at the heart of human nature. [How to Be 'Normal'](#) Daniel Tammet 2020-09-10 An eye-opening short book by the international bestselling writer of *Born on a Blue Day* and *Thinking in Numbers*. Have you ever wondered how neurotypicals - so called 'normal' people - come across to those who are on the autistic spectrum? What would an instruction manual about being an average human being look like to them? And actually, would it be that different, fundamentally, to a field guide about autistic people (were such a thing to exist)? Daniel Tammet is an essayist, poet, novelist and translator. In 2004, he was diagnosed with high-functioning autistic savant syndrome. In this eye-opening and fascinating book, he takes readers on a tour around nightclubs, ponders the significance of tattoos, delves into anti-age creams and puzzles over playing the lottery, all from the perspective of someone who

approaches everything in life from a unique angle. After all, this is a man for whom Wednesdays are always blue, who sees numbers as shapes and who learned conversational Icelandic from scratch in seven days. These short essays come together in a beautifully written, sometimes humorous but always refreshing narrative that focuses on the eccentricities of modern life as seen through the eyes of someone always on the outside. Rather wonderfully, it illustrates the eccentricity inherent in every kind of mind, reminding us of the little-noticed strangeness of our common humanity, while subtly questioning what it means to be thought 'normal'.

The Stars Tom VanDamme 2012-04 *The Stars* is the second book of a series on Astronomy created by Falling Apple Science. Stargazing has never been more fun Learn about the four constellations that will help you understand the entire night sky, any time of the year. Step out any evening and see your favorites--at

Christmastime you'll find Orion, along with his entourage. Discover why Orion is on the run (and who he happens to be chasing) In the summer watch a beautiful swan fly across the evening sky. Read this book and you'll always have an old friend you can find in the sky. To learn about Moon phases and planetary motion, see the first book of the Astronomy series, "Sun, Moon and Planets" by the same authors.

I'll Get That Job! Paolo Casamassima 2015-05-20
Maybe you're a recent college graduate, looking for a successful start to your career. Or an experienced professional, feeling the need to try something new. Either way, a whole host of opportunities await you-but if you really hope to ace that interview and get the job you want, you'll need the right skills to get ahead. So when you're navigating the complex twists and turns of today's changing job market, let I'll Get That Job! serve as your road map and guide. companion will let you know exactly what you need to do to increase your chances, from social media presence to writing a great CV. While shedding light on the many myths and outdated "rules" that may actually bog you down in today's job-seeking experience, I'll Get That Job! serves as a source of motivation and encouragement for modern job hunters. After all, with hard work and the right mind-set, it really is possible for you to get that job you've always wanted-and become the most successful version of yourself along the way!

Plain Molly Mary Benton 2012-08-30
Your Choice, Your Voice, Our Future Richard Light 2017-04-06
Your Choice, Your Voice, Our Future
What I am offering Maine is nothing like what others who have run for this position have offered. I have never wanted someone to be my voice, and I do not offer to be yours. I am using this opportunity to shine light on the system that creates a stage for elites and keeps everyone else from having a voice. I am running for

Governor of Maine to educate, and if we win, I am smashing the stage so everyone may have their voice heard equally. Our system is disenfranchising, falsely binary, oppressive, and fraught with contention and slavery. We can rise against this or we can continue on the same path. It has been the result of the American system that generation after generation left this nation (and the world) freer and more prosperous than the last. We cast off race-based slavery, we have destroyed the notion that one gender should rule while the other obeys, we had built a nation of rights and freedom... but, we have backslid. Our nation is not better off than it was a generation ago. We are in unprecedented debt, have resurfaced racism and sexism, we have instilled a class warfare, and we are being oppressed by fascism and authoritarians. Generation X and Millennials have less opportunity, less ability to grow and flourish, and less unity than our grandparents. We have been slowly taken over by a rotting infestation of

cronies, puppet masters, propagandists, and dictators. As our nation becomes more centralized, Maine can stand in opposition. We have an opportunity to demonstrate what America has lost. Maine has strong educators, doctors, nurses, social workers, counselors, laborers of all types, and most respectably, we have strong work and moral ethics. Our State has diversity and a will to surpass obstacles and be revealed across the nation and world. We need the will to see an opportunity through the despair. By continuing what we do best, by growing rather than contracting, by embracing innovation and adaptation rather than antiquity and failed ideas, we can guide America back to prosperity. Maine can be the economic engine of tomorrow's America. Through this book, we have covered Education, Healthcare, ideological spectrums, Corrections, Rehabilitation, Culture, Community, politics, Economics, Energy, business, debt, governance, and a slew of other topics. Through this journey, we have delved into what keeps us

from growth, how we can overcome oppressing obstruction, and what we could do to drop the shackles and pick up prosperous freedom. Reaching a better future for everyone takes change. Change is not always easy; change is often coupled with fear. We need not fear the future and change when we can be so positively impacted. When we decide to swallow our fear and move toward a better future, we will be unstoppable. I am applying for a job: the executive position of our State of Maine. This is your choice, your voice, our future. Richard Lee Light

The Sun Is Awake Carol Paukstis 2016-12-08
Treasured moments at grandmother's house and unconditional love for her grandson is portrayed in this culturally mosaic diverse book. He tells us about his overnight stay and how he and his grandmother play with trains, play outside, eat his favorite foods and play shadow games. This is a loving, heartwarming story written from the author's heart, encouraging all grandparents

worldwide to spend time with their grandchildren, thus spreading sunshine in their lives. Cheerful, endearing illustrations accompany the lyrical rhyme in this family story.

The City That Wasn't Stephen Broadwell
2013-10-15 Life is hard for Gary. He has a dead-end job, a grouchy boss, and a beat-up car-and he's only in eighth grade! Things go from bad to worse when a wave of bank robberies hits the city and Gary becomes the prime suspect. With time running out to clear his name and nail the real crooks, this teenage tough-guy must rely on cunning, stealth, and good, old-fashioned, two-fisted justice! It's all in a day's work in a city that doesn't exist.

Embracing the Wide Sky Daniel Tammet
2009-12-29 A tour of brain science and the latest understandings about the human mind explores the disparity between the brain's seemingly endless capacity and its tendency to fail at even simple tasks, in an account by a famous autistic savant that incorporates elements of his own

story. Reprint.

Little Known Tales in Sacramento History

Alton Pryor 2014-08-01 John Sutter, who left Switzerland to escape debtor's prison, came to California and built a giant land monopoly. Again, he became heavily in debt and died destitute.

The entire Sacramento and San Joaquin valleys were inundated for 300 miles long and 20 miles wide by the flood of 1862. The cholera epidemic killed more than 1,000 citizens, including doctors and others who were caring for the patients. The Old City Cemetery is an exciting place. As docents are quick to remind, "People are dying to get in here." The docents know their job. It's almost as though they are trying to bring the city's cemeteries back to life. We love the epitaph on one headstone that simply reads: "See ya later."

Embrace Fearlessly the Burning World

Barry Lopez 2022-05-24 An urgent, deeply moving final work of nonfiction from the National Book Award-winning author of Arctic Dreams and

Horizon, a literary icon whose writing, fieldwork, and mentorship inspired generations of writers and activists. ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Lit Hub, BookPage An ardent steward of the land, fearless traveler, and unrivaled observer of nature and culture, Barry Lopez died after a long illness on Christmas Day 2020. The previous summer, a wildfire had consumed much of what was dear to him in his home place and the community around it—a tragic reminder of the climate change of which he'd long warned. At once a cri de coeur and a memoir of both pain and wonder, this remarkable collection of essays adds indelibly to Lopez's legacy, and includes previously unpublished works, some written in the months before his death. They unspool memories both personal and political, among them tender, sometimes painful stories of his childhood in New York City and California, reports from expeditions to study animals and sea life, recollections of travels to Antarctica and other extraordinary places on

earth, and meditations on finding oneself amid vast, dramatic landscapes. He reflects on those who taught him, including Indigenous elders and scientific mentors who sharpened his eye for the natural world. We witness poignant returns from his travels to the sanctuary of his Oregon backyard, adjacent to the McKenzie River. And in prose of searing candor, he reckons with the cycle of life, including his own, and—as he has done throughout his career—with the dangers the earth and its people are facing. With an introduction by Rebecca Solnit that speaks to Lopez’s keen attention to the world, including its spiritual dimensions, *Embrace Fearlessly the Burning World* opens our minds and souls to the importance of being wholly present for the beauty and complexity of life.

40 Homes Shelby McCormick 2013-06-27 Jenny was left by her parents at a stranger's door. She goes from home to home hoping to find the home that will keep her and love her . But every home gets ripped from her fingers . The only

stable thing in her unstable life is the social worker at the State Child Protection Office, Mary . Maybe with Mary, Jenny will find her way through the maze of life.

Born On A Blue Day Daniel Tammet 2007-01-09 A journey into one of the most fascinating minds alive today—guided by the owner himself. Bestselling author Daniel Tammet (*Thinking in Numbers*) is virtually unique among people who have severe autistic disorders in that he is capable of living a fully independent life and able to explain what is happening inside his head. He sees numbers as shapes, colors, and textures, and he can perform extraordinary calculations in his head. He can learn to speak new languages fluently, from scratch, in a week. In 2004, he memorized and recited more than 22,000 digits of pi, setting a record. He has savant syndrome, an extremely rare condition that gives him the most unimaginable mental powers, much like those portrayed by Dustin Hoffman in the film *Rain Man*. Fascinating and inspiring, *Born on a*

Blue Day explores what it's like to be special and gives us an insight into what makes us all human—our minds.

Waltzing Australia Cynthia Clampitt
2007-02-28 Waltzing Australia was born out of a dream-and a journey. After walking away from her corporate career, Cynthia Clampitt headed to Australia, to start over, to write, and to test the limits of what she could do. Waltzing Australia recounts that joyous adventure. It is a story about change and about making dreams come true. But more than that, it is about Australia: the history, legends and art, both European and Aboriginal; the beauty, the challenge, the people, the land. From Sydney to Perth, Tasmania to Darwin, tropics to desert, city to wilderness, Clampitt carries the reader along on an exhilarating grand tour of a fascinating country. With a writing style reminiscent of Annie Dillard, she captures the essence of the land Down Under and invites others to fall in love with Australia.

Regarding Anna Florence Osmund 2015-02-26

Things that happen to you in the past can mold you into someone you

Dirt Tony Doris 2014-04-18 During a chance night shift on the cops beat, newsroom assistant Madeleine Harrington stumbles on the corruption story of a lifetime - a plot that would reshape the entire city. She teams up with her dad, a downtrodden columnist at the paper, to unearth the mystery. The muckrakers find the plot goes deeper - and contains more skeletons among the city's powerbrokers - than they imagined.

The Last Legend J. B. Wichterich 2014-05 A heavenly shade of blue was always in her eyes and her innocent smile captured the hearts of many. But even a beautiful smile can cover the ugliest of things. Who would've ever known that the beautiful and loving Princess MARRISA would fall victim to a very dark and hostile scheme, conjured up by something that is as old as time? No one did—not even Tairren, who was one of MARRISA's dearest friends. Overtaken by MARRISA's beauty and charm, Tairren was very much in love

with her and would do anything for her—even if that meant facing the overwhelming powers of darkness... It was on Marrisa's long awaited sixteenth birthday, her engagement to Prince Phillip and the day before her enthronement to the kingdom of Ishkar, when it happened. When Marrisa is abducted by someone she had always trusted, she is forced into the Forbidden Lands of Minslethrate and awakens upon a plot that would shake the world. With the company of his very different comrades, the unconventional Lady Natalia and the arrogant Prince Phillip of Ishkar,

Tairren travels across the uncertain lands of Minslethrate to rescue Marrisa. They begin to realize that their precarious situation is dealing with more than just a kidnapped princess—that's just the beginning... They must trust in the unseen God of Light and have faith in a legend that they don't even understand. While their beloved princess awaits a terrifying fate, they must become awakened by light if they are to face their own dark quest... Prophecy stirs, blood spills, light burns and darkness screams—revealing The Last Legend...
